## SHADOWS OF THE PAST

Narrate a flashback of...

- ☐ A mentor's lesson , and what it taught you
- ☐ Your fondest memory , and how it brings you strength
- ☐ A romantic attachment gone awry , and what you learned from it
- ☐ The first time you saw someone die , and how it shaped you
- ☐ Your darkest hour , and how you overcame it

## SHADOWS OF THE UNCANNY

- ☐ Touched by Strangeness - When you Enlighten!, include one strange fact that is not part of real-world history. This is now true.
- ☐ Called down Hidden Paths - When you indulge a Virtue or Vice to clear a Condition, the Hidden World notices. You or the Director introduces a strange sign, supernatural clue, watchful interloper, etc.
- ☐ Scarred by Trackless Wastes - Reduce your Charm by 1 and increase your Brains by 1. Any serious conversation you have eventually bends toward the Unnatural. You may now attempt The Occult Move.
- ☐ Bound to Forbidden Worlds - Take the -0 Condition "Obsessed with the Uncanny" (This overrides any existing -0 Condition). This Condition cannot be cleared.
- ☐ Lost to Darkest Legend - Retire your character from play. Their obsession has overtaken their ordinary life, and they vanish into the Weird as a rumor, warning, relic-hunter, cultist, guardian, or legend.

# THE <PLAYBOOK>

You get four <PLAYBOOK> moves. You get this one:

❑ **I Know a Guy/Gal** – Once per Job, you may Work your Connections without choosing a contact already on your sheet. Pick a name and expertise, then roll +Sway, and follow the outcomes as per Work your Connections. On a 10+, you may add that Connection to your sheet as though you had rolled a 7 on Cultivate a Contact

Then pick three of these:

❑ **Heist Lore** – You can declare a useful piece of wisdom about the Job based on your knowledge of all the Heists that have gone before. When presented with new Rumors, the Scorekeeper will ask you if any Heist Lore applies to these rumors. If so, roll +Smarts.

- On 10+: Instead of an Exploit, you may turn the Rumor into Gear or Intel.
- On 7+: Turn a Rumor into an Exploit.

❑ **The Finer Things** – You can instantly appraise almost any item's value and detect most fakes without rolling. Additionally, you can talk up a mundane item to seem rare and valuable, creating a durable Tag usable on Sway rolls where a valuable item would help. You start out with a Loot level of Set (+1), instead of Grinding (+0)

❑ **Who, Me?** – You have an almost supernatural ability to deflect blame. Anytime you are caught red-handed, you can come up with a mildly plausible excuse. Roll +Sway.

- On 10+: You are given the chance to walk away scot-free. Any attempt to continue what you were caught doing will wipe away this chance.
- On 7+: You create a tag such as hesitant or confused that you can use to enhance attempts to leave the area, or otherwise "get away with it."
- On 6-: The opponent is unconvinced. The Scorekeeper makes a hard move against you.

❑ **I've Got a Plan** – If given sufficient time to plan something, you may distribute an Edge to each other Hero that is involved in the planning session.

❑ **False Faces** – You maintain a variety of false identities, each with appropriate documentation, background, and backstory. When you introduce one of your established aliases, roll +Sway.

- On 10+: The alias is flawless; treat it as a durable tag.
- On 7-9: The alias holds up but is temporary or creates a complication. Advance the Legwork Clock or turn a Rumor into an Obstacle
- On 6-: The Tag holds up, but is only temporary. It is burned after the next roll. Also, Advance the Legwork Clock or turn a Rumor into an Obstacle

❑ **Enthrall** – You can sway a crowd to action through a speech, music, or performance. When you do, roll +Sway.

- On a 10+, the crowd does what you want it to.
- On a 7-9, they do what you want, but are misguided or misdirected in a way that causes a complication.
- On a 6-, the crowd does what they think you want them to do, but is wildly misguided

❑ **Empath** – This allows the Rogue to take the equivalent to the "Wheedle" Move without needing to talk to the NPC, as long as emotions or states of mind are involved. When you take time to closely observe someone (Direcor's call on what counts).

## INTRODUCTIONS

When you get here, wait for everyone to catch up so you can do your introductions together. Go around the group. On your turn, introduce your Expert by name and look, and tell the group what they know about you.

## HISTORY

Go around the group again. On your turn, pick one of these for each other hunter:

- \_\_\_\_\_ They are were your student in Academia. Tell them what subject you taught, and they will tell you what they learned
- \_\_\_\_\_ They came to you for advice, and your advice got them out of trouble. Ask them what the trouble was.
- \_\_\_\_\_ They know about some of your dark secrets, but they've agreed to keep quiet about them. Tell them what they know.
- \_\_\_\_\_ A distant relation. Tell them exactly what.
- \_\_\_\_\_ You were previously both members of an earlier Organization, now disbanded. Ask them why they left, then tell them why you did.
- \_\_\_\_\_ They once helped you get a singular item that is now part of your collection. Tell them what it was.
- \_\_\_\_\_ You were taught by the same mentor. Ask them how it ended.
- \_\_\_\_\_ You saved their life in a tight spot. Tell them what happened.
